Land for Sale.

I will sell the land whereon I live atert on Herring Boy, in Anne Arundel courty, about 20 miles from the ity of Annapolis, and about 50 miles from Bastimore; it contains between nine bundred and one thousand acres. considered by judges to be inferior to no land in the county for the cultivation of tobacco, and is acted upon by plaister and capable of great improvement by clover, a great proportion of may be easily carried to market, hav ing the advantage of fine landing places, being bounded by the water Per sons inclined to purchase it is presumed, will view the premises, which they are invited to do The terms will be accommodating on payment of part of the pure ase money in hand terms apoly to Nicholas Brewer, who is authorised to contract for the land GEORGE HOGARTH. July 9

LANDS FOR SALE.

By virtue of a deed of trust from Ri chard II Harwood, Esq. of the city of Annapolis, the subscribers offer for sale the following lands, to wit: A planta-tion on Ed Ridge, in Anne Arundel county, on which the said Richard H Harwood resided, about three miles above M. Coy's Tavern, containing about 412 1 2 acres. The roads from McCoy's up the country, and from Owens's mills to Baltimore, pass through this land. The best judges are of opinion that it is capable of being made equal to any of the Eik Ridge lands There are on it a good dwelling house, and convenient out houses a garden, a spring of most excellent water very near the house, and an ice house. They will also sell parts of several tracts of land, he whole being in one body, and containing about 416 1.4 acres, being in Charles county, adjoining Bean Town. For terms apply to the subscribers,

HENRY H HARWOOD. RICHARD HARWOOD, of Thos Annapolis, Sept. 3.

The Editors of the Federal Gazette and American consultations, are requested to the above twice a eek for three weeks, and forward heir accounts to this office

n the (London) Farmer's Jour-nal, Oct. 5, 1818. dehot Manor-Farm, Sept. 24th,

ON SALT, As a top dressing for Wheat. was led to make an experiment

Balt, as a top dressing for Wheat, onsequence of what has been ten on this subject, and so coisly detailed in your Journal. communication which was con ed to your readers from Sir John clair, on the 21st respecting t, uces me to trouble you with an ount or what has fatten under own observation. Last autumn bwed a field of wheat on a clover which was dressed and treated cily as an adjoining one, similar t as to aspect and the nature of soil. After Christmas, one nem began to fail in many placincreasing daily: and about rch, there were several large ts, which only exhibited a few ved plants. A friend had given about thirty bushels of salt, that been collected from the sweep s of Irish pork. In April, I sowhis salt, and as nearly as I can ge, at the rate of three bushels acre, all over the field where se failures were noticed. The ct was instantaneous-the bare ots did not encrease and those miserable plants that were lett them, began to recover; and fi ly produced as much and as goo eat, as an equal number of pants my part of the field. I will not e upon myself to say what was cause of these particular ail s; whether they proceeded from wireworm, grub, or slug; or from vunobserved noxious quality of soil, in these spots. I can only ail the case; and leave these con erations to others. But it may
